### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: the overall claimed combination of a disposable diaper comprising a topsheet, backsheet and absorbent core disposed therebetween in combination with a temperature change element disposed on the topsheet wherein the temperature change elements includes a permeable layer and an impermeable layer has neither been anticipated nor rendered obvious by the prior art of record. Brunner (US 5,681,291), as well as a few other prior art references, teach many of the claimed limitations with the exception of the temperature change element being disposed on the topsheet and including both a permeable sheet and an impermeable sheet. The cited prior art references enclose the temperature change elements with two permeable sheets.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michele Kidwell whose telephone number is 571-272-4935. The examiner can normally be reached on Monday thru Friday.
